The purpose of the publication is to expand professional interest and activity in all areas of the field of speech communication in Tennessee. Articles from all areas of speech study will be welcomed, with special consideration given to articles treating pedagogical concepts, techniques, and experiments.

All papers should be sent to the editor. Authors should submit two copies of their manuscripts, each under a separate title page also to include the author's name and address. Manuscripts without the identifying title pages will be forwarded by the editor to a panel of reader-referees who will represent the varied interests within the discipline.

All papers should be double-spaced, typed in standard type with a dark ribbon, and on standard typing paper. Margins should be standard and uniform. Notes need to be typed single-spaced on separate sheets following the last page of the manuscript proper. The first footnote should be unnumbered and should contain essential information about the author. This footnote will be eliminated by the editor from the manuscripts sent to the panel of readers. Any professional style guide, consistently used, is acceptable. Accuracy, originality, and proper citing of source materials are the responsibilities of the contributors.
